## BOARD'S TERMS ARE ACCEPTED

City Teachers Will Sign Con-  
tracts Offered at Present  
Salaries.

Teachers in the city school system,  
through action of their association,  
have decided to accept the present sal-  
ary schedule and will sign the con-  
tracts offered them by the board of  
education.

This action was taken by a unanimous  
vote of the association at a session  
held last Thursday afternoon, which  
was attended by about 200 out of the  
280 members.

The decision removes, at least for  
the present, the possibility of a con-  
troversy over the question of increased  
salaries and the recognition of the as-  
sociation as a union organization. The  
association is a member of the National  
Association of Teachers, which is af-  
filiated with the American Federation  
of Labor. A number of teachers had  
already signed the contracts as indi-  
viduals and members of the association  
believe that it may be possible to se-  
cure some increase in present salaries  
during the coming year.

Members of the board of education  
have said unofficially that they admit  
that in many instances the salaries  
paid are inadequate, but that with the  
automatic increase of \$5 a month  
granted the teachers for each year of  
service, and the \$10 flat increase to  
every teacher granted last year, and  
in effect also for the present year, the  
board's revenues will not permit any  
additional increase now. They hope,  
with the increased assessment which  
will produce several thousand dollars  
more on the 50-cent school tax levy  
than had been estimated, and with the  
possibility that the city schools will  
receive more from the state and county  
tax aggregate than last year, that they  
may be able to find the funds for an-  
other slight increase next year, or dur-  
ing the second term of this year's ses-  
sions.

The scholastic year of the city  
schools is figured from July to July,  
the school terms running approximately  
mately \$1,000,000 a year, the amount  
during 18 months, beginning in Sep-  
tember. Out of revenues of approxi-  
mately \$1,000,000 a year, the amount  
expended for teachers' salaries is  
slightly in excess of \$700,000 a year.

**Bible Class Ring**

The Character Builders' Bible class  
has created a great deal of interest  
among the building fund campaign-  
ers by the offer to make the divi-  
sion leader who has the best show-  
ing in the drive the winner of a  
gold ring. The new Character  
Builder hall is opened. The team cap-  
tains of the winning division are to  
make the feature talks at the Sunday  
services during the opening month.

The division leaders are Taylor Ma-  
lone, Sam Jackson, W. B. Hill and  
Clarence Manning.

A character builder ring has been of-  
fered to the woman worker securing the  
greatest number of subscriptions. Mrs.  
Frank Barnett and Mrs. Hugh Jones  
are very much interested and working  
hard to win.

Although the campaign does not start  
officially until July 14, voluntary sub-  
scriptions for large and small amounts  
continue to come in daily.

J. M. Goff, one of the Character  
Builders, has given his subscription for  
\$1,000.

Three Memphis physicians, Dr. N. W.  
Sherman, Sr., Dr. N. W. Sherman, Jr.,  
and Dr. Grayville Sherman, all former  
members of the class, have made a  
joint subscription for \$1,000.

**To Sgt. Joe Cole**

Joe Cole, police turnkey and court  
sergeant, has a penchant for kidding  
his friends. But he caught a Tartar  
Friday. When he telephoned to Charley  
Garibaldi, now office deputy under J.  
H. Perry, the sheriff, and formerly the  
police desk sergeant.

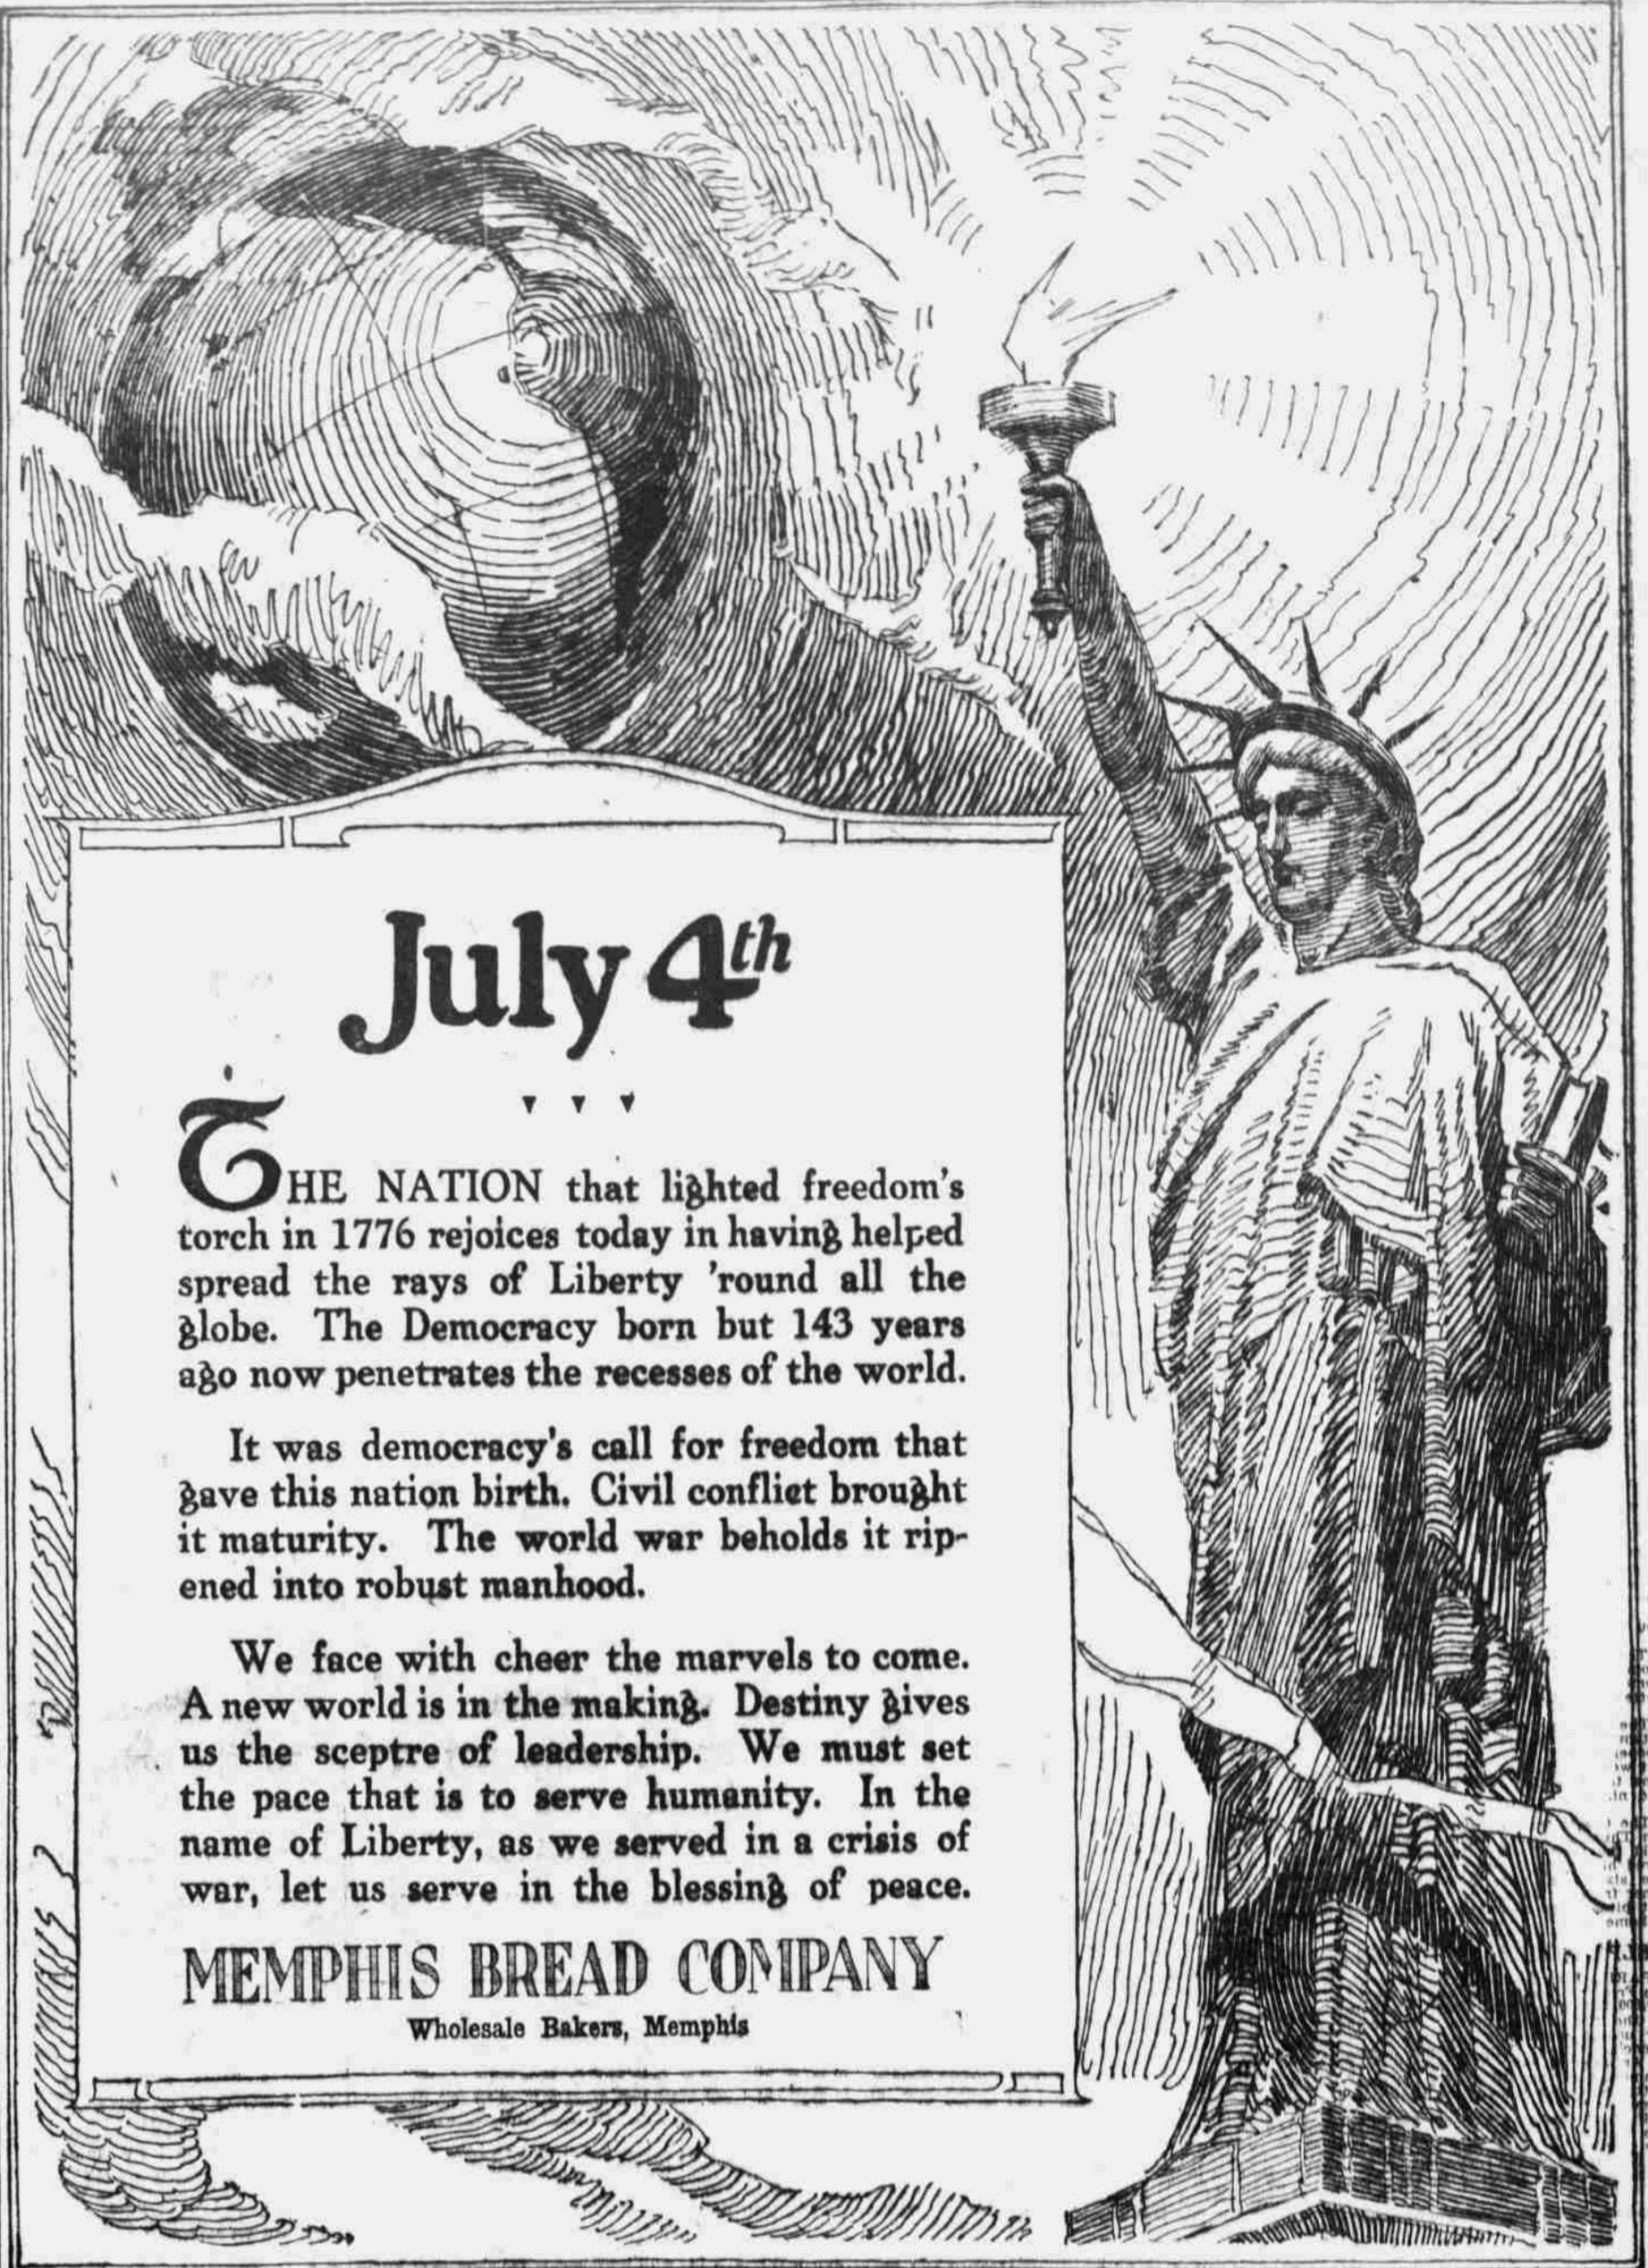

Joe called up the sheriff's office last  
Monday, after he had read an account  
of an automobile accident, in which  
two young men, one unidentified at  
that time, had lost their lives.

"Charley," said Joe, over the phone,  
"I have been uneasy about you all day  
Sunday. I read where one of the young  
fellows who was killed in that auto  
accident was unidentified, and I knew  
you were given to taking late rides,  
so—"

"That's strange, Joe," cut in Charley.  
"I was thinking about you yesterday,  
too. I heard that since Quinn has taken  
over the police department, he in-  
tended putting some old-timers to  
work, and I heard on good authority  
that 'Beauty Dick' was slated for the  
job of turnkey. Have you been notified  
yet?"

Joe capitulated.  
"Turn the luck, Charley. I told you  
about joking about those things three  
years ago," he said, while Garibaldi  
gave one guffaw, and hung up the re-  
ceiver, leaving Joe to nurse his grouse  
as best he could.

THE NATION that lighted freedom's  
torch in 1776 rejoices today in having helped  
spread the rays of Liberty 'round all the  
globe. The Democracy born but 143 years  
ago now penetrates the recesses of the world.

It was democracy's call for freedom that  
gave this nation birth. Civil conflict brought  
it maturity. The world war beholds it rip-  
ened into robust manhood.

We face with cheer the marvels to come.  
A new world is in the making. Destiny gives  
us the sceptre of leadership. We must set  
the pace that is to serve humanity. In the  
name of Liberty, as we served in a crisis of  
war, let us serve in the blessing of peace.

## PRESIDENT URGES YANKS TO KEEP INSURANCE

WASHINGTON, July 4.—Men who  
"earned the right to government insur-  
ance" are urged by President Wilson  
to retain their policies permanently,  
converted into such forms as they per-  
sonally desire. In a wireless message  
from the George Washington directed  
to the "nation's fighting forces," and  
made public by the war risk bureau,  
the president said:

"If it were possible I should welcome  
the opportunity to speak to each of  
you who, by service in the great war,  
earned the right to government insur-  
ance, and urge the wisdom of continu-  
ing this unusual protection to your de-  
pendents and yourselves.

"The government will transform your  
policies, arranged as a war measure,  
to such permanent forms as you may  
desire. I urge your acceptance of the  
permanent protection which the  
generous terms of these policies afford.  
You have an exclusive right to this  
insurance because you served your  
country in its great crisis, and I am  
sure that in the years of government  
policy as a physical reminder that in  
the war with Germany you wore the  
uniform of your country."

**HOLD FORMER TRUSTY**  
**ON LARCENY CHARGE**

Harry Watson, alias L. A. Hankins,  
alias A. F. Broshien, paroled from the  
Tennessee state penitentiary, is under  
arrest in Kansas City, according to in-  
formation received by Paul Waggoner,  
police lieutenant in charge of the  
here on a charge of larceny, it being  
alleged that he disappeared with a  
time as did a \$1,000 diamond stick pin  
and a gold watch, left in a locker at  
a local hospital by Henry Michel, who  
is well known to the police.

Watson was under sentence of one  
to five years on conviction for forgery  
at the time of being paroled.

**COUNTY COURT TO**  
**MEET ON MONDAY**

The county court will name a com-  
missioner Monday to fix the salaries of  
the Shelby county election commis-  
sioners.

D. B. Puryear, chairman of the board,  
draws a salary of \$100 a month, or  
\$1,200 a year; H. O. True, Republican  
member and secretary of the board,  
draws \$100 a month, or \$1,200 a year,  
and Milton Anderson, the third mem-  
ber gets \$50.33 1-3 a month, or \$1,000  
per annum. There is perhaps no of-  
ficial in the county who draws such  
salaries for the amount of work done.  
The election commissioners will not av-  
erage 10 days' work each in an entire  
year.

## DAVIS NURSED GERM.

The multitude of automobile acci-  
dents and crashes being reported to  
police in recent months put the germ  
of an idea into the head of Walter L.  
Davis, emergency officer, who spent  
several months in France during the  
last unpleasantness. Davis nursed the  
wounded. As a result he is today one  
of the proprietors of the Vance Avenue  
garage and repair shop, at 228-231  
Vance avenue. John J. Lombardi is  
his partner.

**MEMPHIS REPUTATION**  
**CAPTURES CONTRACT**

Although the highest of about half  
a dozen bidders, contract for six miles  
of granite sidewalk paving was  
awarded Thursday at Memphis, Tenn.,  
to the Charles H. Miller Paving com-  
pany of Memphis. The contract involves  
about \$125,000 and it will require about  
six months.

Charles H. Miller, who captured the  
contract, says he was told by the com-  
mittee that one thing which helped to  
decide in favor of a Memphis concern  
was that the pavement here appeared  
to be so much better than those in St.  
Louis and other cities which were vi-  
sited.

Memphis is a beautiful town about two  
miles south of Jackson, Tenn., its prin-  
cipal industry being a large manufac-  
turing concern, and with paving it is  
expected to grow considerably.

## ST. PETERS SCENE OF ALL DAY MERRYMAKING

The grounds of St. Peter's orphanage  
were filled with a happy throng of  
merry-makers all day Friday, in obser-  
vance of the 24th annual picnic.  
Lunches, regular dinners in fact, were  
served by the ladies of the various par-  
ishes in attractive hostess, and refresh-  
ments of all kinds were on sale during  
the late afternoon and evening.

"Games of all kinds were provided for  
the children and cards and other amuse-  
ment features for the older people.  
Dancing will be continued for the young  
folks until midnight.

The picnic brought out a larger at-  
tendance than for several years, for  
although the picnic was not abandoned  
last year, the fact that thousands of  
the young men of Memphis were en-  
gaged in sanguinary fighting with the  
Huns on the last Fourth of July, pre-  
vented the usual joyous festivities at St.  
Peter's.

The grounds at St. Peter's rival those  
in the smaller Memphis parks for beauty  
and extent and it is probable that the  
attendance as night will be even larger  
than during the day.

**EXAMINATIONS**  
**FOR TEACHERS**

Examinations for teachers desiring to  
secure state certificates will be held on  
July 17 and 18. The white teachers  
will be examined at the West Tennessee  
state normal and the negro teachers  
will be examined at the Manassas  
street school.

The applicants for the elementary  
schools will be examined on July 17  
in spelling, arithmetic, music, writing  
and drawing, penmanship and reading, and  
on July 18 in physiology, geography, and  
United States history and Tennessee  
history.

Raine, former head of the wrecked  
Memphis bank. Raine's bond was or-  
dered reduced from \$25,000 to \$15,000  
Thursday morning by Judge Tom  
Hinch of second criminal court.

The ex-hacker made bond Thursday  
afternoon and was released. He spent  
the night at the home of his attorney,  
Hugh Maney. Trial of the first  
case against Raine will open Monday  
morning.
